SUBJECT

Revision of the medical establishment
of the General Hospital, Mysore.

- (1) From the Comptroller, Mysore Govt, no 3196 5/7-11-12
291
forwards letter no 1145/20-9-12 together with a
proposition statement in duplicate for the revision
of the medical establishment of the General Hospital
involving a net addition of Rs 3284 per annum
- (2) From Lt. Col. Foulkes, Durbar Physician & Surgeon
in charge of General Hospital, Mysore. D.O. no 5754
5/8-7-13 to the Dewan. Urges the necessity of revising
the establishment of the Genl. Hospital, Mysore &
granting allowances to the Resident medl officer &
the Sub. asst. Surgeons attached to the Hospital. An
suggests also (1) the appointment of a Chemical

Pathologist, (2) Grant of Rs 100/- Per annum for drugs & appliances for the Hospital. (3) Training of medical officers at Dehra Dun for X-ray work.

(3) To the Senior Surgeon & the Comptroller. No 3072-3 of 30-8-13. Sanctions the additional establishment & allowances as noted below for the Genl. Hospital Mysore involving an increased cost Rs 142/- p.

(1) A clerk on Rs 15 p. m

(2) Inward attendants - 4 on Rs 7 & 6 on Rs 8 each p. as against 7 now employed

(3) An addl. shoby on Rs 8 p. m

(4) An allowance of Rs 50 p. m to the Resdt. medl officer

(5) An allowance of Rs 10 p. m to four of the Sub. Asst. Surgeons attached to the Hospital. It states that the services of the clerk on Rs 20/- should be dispensed with from the date of establishment of the clerk on Rs 15 herein sanctioned.

Spare Copies.

Serial No. 1.

BRIEF ABSTRACT OF LETTER.

Forwarded in original letter no. Cf 114 of 20.9.12 together with a proposition statement in duplicate duly verified, for the revision of the med establishment of the General Hospital, Mysore ^{involving} a net addition of Rs 32.84 per annum to the permanent recurring expenditure of the State.

NOTES AND ORDERS.

There are two of these new ones
The Senior Surgeon has not stated whether it will be possible to spare two Asst Surgeons in addition to the Resident med Officer (now an Asst Surgeon) for duty in the Genl Hosp^l, Mysore from the present sanctioned strength of Asst Surgeons.

NOTES—First Sheet.

Serial
No.

(2) The strength of Lib Asst Surgeons as sanctioned in G.O. No. 3078-9 of 30.10.11 already includes 6 Lib Asst Surgeons for duty in the Genl Hosp^l, Mysore. vide distribution list in med file 236-09 s/s 3 & 4 D. Aug 12.

(3) The entertainment of a clerk on Rs 20 per mensem for the General Hosp^l, Mysore temporarily has been sanctioned in G.O. No. 3137-8 of 18.10.12. It is a point for consideration whether the clerk should be permanently sanctioned.

(4) In regard to the additions & increases of pay to the medical staff of the Genl Hosp^l, it is submitted that after a consideration of the requirements of the Genl Hosp^l and in consultation with the Detachment Committee of the Hosp^l the revision of the establishment was sanctioned in G.O. No. 1505-6 of 10.8.08.

4. Submitted for orders. To the allowance proposed to be given to the Assistant Med^l Officer, ~~attached~~ ref^{ce} is invited to the notes in med file 49-09 s/s 1 to 4, which go to show that when the designation was adopted no allowance was intended to be given to the officer concerned.

Serial No.	
besides the Resident ^{Surgeon} S. 12	Should be posted to the G. L. Hospital Mysore as well as 6 Sub. Asst Surgeons. There are two Asst Surgeons at present besides the Resident Surgeon viz. Messrs Jagannatham Pille & Subba Rao; and in the order fixing the scale of Sub Asst Surgeons of the whole province, the number of Sub Asst Surgeons of Mysore G. L. Hospital is fixed at 6. Perhaps the Durbar Surgeon desires that these arrangements should be permanently continued. These two points do not require orders & the Senior Surgeon may be requested to see that the required number of Medical Officers is posted & duly there. 6. The other proposals involve additional cost to Govt and are (1) an allowance of Rs 100 to the Resident Medical Officer & Rs 10 each to the six Sub Asst Surgeons. (2) the entertainment of a clerk (3) revision of the menial staff involving an increase of about Rs 93 per mensem. 7. A local allowance of Rs 200 per mensem is given to the Resident Medical

NOTE—Contn. sheet.

Serial
No.

Officer, Victoria Hospital. But he is expressly debarred from private practice under Govt order dated 24-2-10; there is no such express prohibition in the case of the Resident Medl Officer at Mysore. The two Hospitals are on a different footing; & how far the analogy of the Victoria Hospital should guide Govt in sanctioning allowances for the officials employed in the Mysore G. H. Hospital is a point for consideration. The same remark holds good with regard to the Sub-Asst allowances of 10 Rs recommended for the 6 sub Asst Surgeon, perhaps with less force. In their case, it may be stated that they would get the charge allowance of 10 Rs; if they were in charge of 2.7 dispensaries.

A clerk on Rs 20 has been temporarily sanctioned for the G. H. Hospital recently & this arrangement may perhaps continue for some time longer.

9. The addition to the medical establishment proposed

Consists of an office orderly, 5 male ward coolies, 2 ladies, + 1 dhoti. The necessity of the first has not been explained in the letter under disposal. As regards the ward coolies, it is suggested that their pay be fixed at 7-1-10 Rs ~~per m.~~ It may be observed that in all the other Hospitals, including the Victoria Hospital, the maximum pay of ward coolies or attendants is only Rs 8.; + this rate may be allowed also in the case of the coolies at Mysore while the minimum may be raised from Rs 6 to 7 ^{proposed}. The total no of ward coolies, ^{proposed} ~~under~~ ^{by the budgetary officer} the proposal, will be 12; while the number of beds male + female is 84 in the Mysore G.H. Hospital

10. The whole proposals involve an addl recurring expenditure of Rs 3284 per annum. If approved, Br II will be consulted

13 Sub? The ~~work~~ result of the proposed revision of the Medical Establishment of the General Hospital at Mysore amounts to Rs. 3284/- ^{an extra} as permanent recurring expenditure. The Senior Surgeon says that 'there is absolutely no scope to provide for the additional funds' by 'reappropriation in the current year's Medical Budget'. ~~and a corresponding increase in the current year's Medical Budget.~~

Sub for orders -

21-36 14
7/12/1912 Minor clear if the increase cannot be put off till the commencement of the next FY year. It seems possible to do so though the proposals themselves be sanctioned now. It has, however, been stated that with works of large magnitude on hand which have been defrayed from the current revenues additional recurring expenditure cannot be recommended.

(Decs)

11.11.12

15 The necessity of an allowance of Rs 100/- a month to the Resident Medical officer has not in my opinion been made out. Posting in Mysore City, free quarters & better chance of Private Practice ^{than in other places}, cannot be said to be unattractive. Besides, there will be the privilege of working with and training under an

Serial
No.

eminent medical officer which will stand the Resident in good stead in his future career. The case of the Victoria Hospital Bangalore is on a totally different footing.

16. I am also of opinion that the allow proposed for the sub-assistant surgeons is not necessary. The work in the Mysore hospital under the Visiting and Resident surgeons will not be so responsible as the independent charge of a L. F. dispensary.

17. The number of ward coolies is proposed to be changed from 7 to 12, and their pay now varying from 6 to 8 is proposed to be fixed at Rs 7-1-10. The fixing of a rate higher than that prevailing in any other place - the maximum at all places including Bangalore is Rs 8 - may prove embarrassing. Perhaps 10 coolies in all - 5 at Rs 7 & 5 at Rs 8 will be sufficient.

18. The necessity of two separate clerks for the District Surgeon and for the Hospital is not that there is work for two men but that it is inconvenient to have one man working under two officers. The clerical work for the hospital cannot be heavy. An allowance of Rs 10/- to one of the sub-assistant surgeons for clerical work may perhaps be sufficient for the hospital and acceptable to the sub-assistant surgeon.

19. As regards the office orderly, as the Dist Surgeon is being relieved of an important part of his charge the number of orderlies & peons under him may be reduced from 3 to 2; that is, the office orderly required for the Hospital office may come from the Dist staff without any addition on the whole.

20. As no report is possible any addl exps sanctioned should have effect from 1.7.1913

23¹ A statement giving the figures wanted in the Regs. note is hereto appended. - That showing the amount on both of correspondence has been called for from the Victoria Hospital - The hospital general Hospital & will be submitted on receipt.

24 In regard to the financial Regs. note in the file I may be permitted to state that surgical work is expected to greatly increase in the near future & as a suitable up-to-date building becoming available the number of in-patients will also greatly increase. The Resident-Medical Officer will have his hands full and he will have scarce any time for any private practice & such small private practice as may fall to his lot will in most cases be unremunerative if not totally unpaid for - A decent allowance therefore is due to him - "Privilege of working" is an eminent Medical Officer may stand in good stead to the R.G.O. in his future career" but the resulting practical monetary advantage in our State from such a privilege will be practically nil -

The small allowance of Rs. 10/- proposed for the S.D.O. is not much. It will induce good men to remain

Serial
No.

in Bangalore instead of seeking charge of a 2nd class
office in the distt. It is better off to the advantage of
the ailing public that good men & true should
remain at the General Hospital Bangalore.

25 Work cookies are miserably paid having regard
to the nature & responsibilities of their duties. Those of
them that have already served for a number of years
at the Hospital should I think be given Rs: 10/- a week.
If the rate is less at the V. H. it must be brought up
to that figure. New comers should be started at least
on 7 Rupees a week & in two years or so they must
be promoted to Rs: 8/- p.m. Some female work
cookies & a male work cookie is not an over-
ambitious proposal.

26 There ought to be two clerks - one for the distt
medl officer & one for the officer in charge of
The General Hospital Bangalore.

27 For years, as the Civil Surgeon of the Bangalore
distt, I found the combined clerical work of
the distt & the Genl Hospital far too much for a
single clerk to cope with.

28 I agree with the H. Secy: in regard to the
office work.

(18)

52 Submitted to His Highness.

These papers relate to proposals received from Lt.Col. T.H. Foulkes, I.M.S., Durbar Surgeon, for increasing the Hospital Establishment and grant of allowances to Medical Officers attached to the General Hospital Mysore.

2. The proposals which involved a net addition of Rs. 3,284 per annum were

- (1) to give a local allowance of Rs.100/- per mensem to the Resident Medical Officer;
- (2) to give a local allowance of Rs.10/- each to the six Sub Assistant Surgeons
- (3) to entertain a Clerk on Rs.20/- per mensem
- (4) to entertain an orderly on Rs.7/- per mensem.
- (5) to revise the pay and strengthen the Hospital staff by the addition of - 5 ward coolies, 1 dhoby and 2 toties.

3. For reasons stated in his note of the 20th December 1912, the Financial Secretary observed that the undermentioned establishment and allowances involving an extra cost of Rs. 38 per mensem might be sanctioned:-

Ward coolies.

Present.

1(8), 3(7), 3(6) =
Rs.47 per mensem.

Proposed.

5(8), 5(7) =
Rs.75

Allowance to the Sub Assistant Surgeon deputed for Clerical work.

Present.

D.O. ~~no~~ of 8.7.13 from Lt. Col. J.H. Fawkes
Mubai Physician & Surgeon in Charge of the
General Hospital, Mysore to the Dewan.
urges the necessity of ~~the~~ ^{the} ~~provision~~ ^{provision} the estab-
of the Genl H^{os}p^l, Mysore & granting allowances
to the Resident Med^l Officer & the Lib^l asst
Surgeons attached to the H^{os}p^l & suggests also
(1) the appointment of a clinical pathologist,
(2) grant of Rs 1000/- per annum for drugs &
appliances for the Hospital
(3) training a med^l officer ^{at Dehra Dun} for x-ray work.

15 (22)

53

-: N O T E :-

Lt.Col. T.H. Foulkes, Durbar Surgeon, Mysore, had sent up certain proposals involving a net addition of Rs.3,284 per annum, for increasing the Hospital establishment and for granting allowances to certain Medical Officers attached to the General Hospital at Mysore.

2. These proposals were fully considered both in the Administrative and Financial Departments, and a recommendation was submitted to His Highness the Maharaja soliciting sanction to an establishment and allowances involving an extra cost of Rs. 38 per mensem or Rs.456 per annum. Final orders have not as yet been passed on these recommendations.

3. In the meanwhile, I have personally discussed these proposals with Lt.Col. Foulkes at Mysore on the 1st instant; and Lt.Col. Foulkes has also written to me on the subject with further information (vide his D.O. dated 8th July appended hereto).

4. After full discussion and further consideration of all the proposals made by him, I am inclined to agree with Lt.Col. Foulkes that the following items are necessary and may be sanctioned. To this Lt.Col. Foulkes is also agreeable:-

- (i) An additional clerk on Rs.15 per mensem.

(ii) Increase in the number and pay of ward attendants as follows:-

<u>Present.</u>	<u>Proposed.</u>
2 females on Rs.7 each.	4 on Rs.7 per mensem.
1 female on Rs.8.	6 on Rs.8 per mensem.
1 male on Rs.7.	
3 females on Rs.6 each.	

(iii) An additional dhobi on Rs.8 per mensem.

(iv) An allowance of Rs.50 per mensem to the Resident Medical Officer.

(v) An allowance of Rs.10 per mensem to each of the 4 Sub Assistant Surgeons working in the Hospital, instead of 6 originally recommended.

5. There does not appear to be any necessity for an additional office orderly and two additional toties who have also been asked for.

6. In addition to the proposals above adverted to, Lt.Col. Foulkes has, in his D.O. of the 8th instant, referred to three other matters, viz.,

(1) the appointment of a Clinical Pathologist;

(2) the grant of Rs.1,000 per annum for drugs and appliances; and

(3) the question of training a man at Dehra Dun for X-Ray work, &c.

As regards No.(1), the question of de-puting Mr. Darashah Framji for pathological

H (24)

and other work is under consideration separately and I have asked for further information which may kindly be expedited.

No. (2) was lately dealt with by me and a draft order sanctioning the grant also approved for issue after being shown to the Financial Secretary. It may be expedited if not already issued.

No. (3) may kindly be taken up for consideration separately by the Second Councillor. I shall be glad to have definite recommendations about this at an early date.

(2) 7. The papers may now be circulated to the Councillors. The opinion of the Financial Secretary may also be obtained as regards the proposals contained in paras 4 and 5 of this note.

8. Another alternative proposal would be to add the additional expenditure involved in items i, ii and iii of para 4, and place this lump-sum at the disposal of Col. Foulkes, leaving it to him to distribute the additional sum on the items proposed in the manner best calculated to promote the interests of the Hospital work.

9. The matter should be treated as urgent.

Allee to the Sub Asst Surgeon deputed for clerical work	10
Total	<u>38</u>

56 According to para 4 of the Dewan's note dated
22.7.13, the following increases are proposed: -

An additional clerk	15
Ward attendants	29
An additional Dholvi	8
An allee of Rs 50 to the Resident Medical Officer	50
Allee to 4 Sub Asst Surgeons	40
Total	<u>142</u>

57 There is no increase according to para 5 of the Dewan's

Note.

58 Reference is invited to para 8 of the Dewan's note
24/7/13.

59 In letters mentioned the increases
proposed may all be sanctioned except the
Allee and Rs. 50 on Dr. J. J. Nav.

do this work and how that each of them
will for lots all the they will not find it
do this work in rotation. He & his work
would thus be only Rs 127 or 89 Rs more
than what we originally agreed to.

decey)

26.7.13

60

Considering the question from the limited stand-
point of the particular institution & with reference
to the special circumstances, the increased expenditure
referred to in para 4 of the Dewan Sahib's memo-
randum of 22.7.1913 appears necessary and
desirable. The contents of para 5 are of course
acceptable financially. The alternative suggested
in para 8 would be unusual & not altogether
acceptable from the financial point of view.

There is however a broader aspect of the
question viz. whether the scale of medical expenditure
for the State should be increased at all. The
following figures taken from a note prepared for
the Retrenchment Committee speak for themselves:

In Madras there is 1 public medical man for 80,000 of population & 272 sq. miles	
Bombay " " 60,000 " 380 sq. miles	
Mysore " " 26,000 " 132 "	

In the light of these figures further addition to

Serial
No.The expenditure of the medical Dept^{mt} seems underrable.

On the other hand it may be said that when ~~we~~ we have to maintain a medical officer on high pay & superior qualifications at any rate who can spare a part of his time for the service of the public it would be false economy not to spend a few thousand rupees ^{in order} to utilize his services to the fullest extent.

As no budget provision exists for these charges they should if sanctioned be met from the lump sum grants under "Miscellaneous". As regards the triennial forecast this should be regarded as having come out of the extra amount reserved for miscellaneous items.

Submitted to His Highness.

no: 1406
9.6.13

Since submitting my ^{*}note of the 7th June 1913, on the proposals of the Durbar Surgeon for increasing the establishment of the General Hospital, Mysore, and granting allowance to certain medical Officers attached thereto, I have discussed these questions, personally with Lt. Col. T.H. Foulkes who has also written to me about these matters.

2. On a further consideration of the subject I find that the increase of establishment and grant of allowances, noted below, are necessary in the interests of efficient work in the General Hospital:-

- (1) A clerk on Rs.15/- per mensem.
- (2) Ten ward attendants as against seven now working.

<u>Present.</u>		<u>Proposed.</u>
3 males on Rs.6 each.	)	
2 females on Rs.7 each.	)	4 on Rs.7 each
1 male on Rs.8.	)	6 on Rs.8 each.
1 male on Rs.7.	)	

- (3) An additional dhoby on Rs.8 per mensem.

2.

(23)

(4) An allowance of Rs.50/- per mensem to the Resident Medical Officer.

(5) An allowance of Rs.10/- per mensem to each of the four sub-assistant surgeons.

These proposals involve an increase of Rs.142/- per mensem or Rs.1704/- per annum as against an increase of Rs.38/- per mensem or Rs.456/- per annum originally recommended.

3. Both the Councillors have agreed to the additions now proposed.

4. The Financial Secretary is also of the opinion that the increase proposed at present is necessary and justified, in view of the reorganization of the General Hospital under the special direction of Lt. Col. Foulkes.

5. Lt. Col. T.H. Foulkes has, in his D.O. dated the 8th July, referred to three other matters:

(1) the appointment of a clinical pathologist;

(2) grant of Rs.1000/- per annum for drugs and appliances; and

(3) the training of a medical Officer at Dehra Dun, for X ray work.

referred to my para 5(2)
 6. Orders sanctioning the grant have since
 ^
 been issued.

The other two subjects are being worked
 up in the Secretariat, and will soon be ripe
 for orders.

7. The revised proposals about the staff of
 the General Hospital at Mysore, involving an
 additional cost of Rs.1704/- per year may
 be graciously sanctioned.

Offg: Secretary to the Government of Mysore,

General and Revenue Department.s.

SIR,

In forwarding herewith letter No. G. 114 dated 20th September 1912 addressed to you by the Senior Surgeon and also a proposition statement in duplicate relating to the General Hospital, Mysore, received with correspondence ending with his letter No. 1887 dated 31st October 1912, I have the honor to state that the statement has been duly verified by this office. The Senior Surgeon proposes to give a local allowance of Rs.100/- to the Resident Medical Officer and of Rs.10/- each to six Sub Assistant Surgeons: to entertain an Office Establishment consisting of a clerk on Rs.20/- and an orderly on Rs.7/- and to strengthen the Hospital Staff by the addition of 5 Ward Coolies, 1 Dhoby and 2 Thotis. The proposition, if sanctioned, will result in a net addition of Rs.3,284/- per annum to the permanent recurring expenditure of the State.

I have the honor to be,

Sir,

Your most obedient servant,

For Comptroller.

Hospital Mysore for additional
hands.

(5)

Letter No. 5 dated 18-9-1912 from Major T.H. Foulkes, I.M.S., Durbar Surgeon & Surgeon in charge of the General Hospital, Mysore, to the Senior Surgeon, Mysore Government.

I have the honor to submit herewith a statement showing an increase in the staff and menial servants for the General Hospital, Mysore, for which I request sanction may be kindly obtained as I consider such increase to be essential for the proper working of the Institution.

In the first place, a Clerk for the Hospital is needed and an Office Orderly. The present arrangement is that the District Surgeon's Clerk does the work; but as he will be under the orders of two different officials, this is likely to lead to confusion. The District Surgeon, in future, may or may not have any connection with the Hospital and it is possible, may at some future time have his office elsewhere.

2. I request that two Assistant Surgeons be posted permanently in addition to the Resident Medical Officer. As regards the Resident Medical Officer, I recommend that as the smooth running of the establishment depends largely on him, the post should be made good enough to attract the best man available and to do this, he should be given an allowance of Rs 100/- in addition to the quarters allowed.

3. Sub Assistant Surgeons, whenever possible, I would recommend that six Sub Assistant Surgeons be posted here. Owing to the arrangement of the Hospital in separate blocks, it is very difficult to manage with a smaller number. I would strongly recommend that any Sub Assistant Surgeon posted here, be given an allowance of Rs 10/- per mensem as is done in the Victoria Hospital, Bangalore. Their time will be fully occupied and they will always have a good deal more work to do than when in charge of mofussil dispensaries. The living in Mysore is costly and there is no scope for private practice.

4. As regards the menial staff, I would ask for an addition of :-

3 Male Ward Coolies

2 Female --do--

2 Toties

1 Dhobi.

The additional number of ward coolies is needed partly on account of the arrangement of the wards as pointed out before, and partly to enable a larger staff to be kept in the Hospital for night work, emergencies &c. At present, much of the ward work is done in a hurry and, therefore, is often inefficient and slipshod.

A larger number of Toties is required, as formerly the Hospital compound, which is large, was kept clean by Jail labour. This has been stopped and the present staff is not sufficient to keep the place clean.

I also strongly recommend that the prospects of the ward coolies be made more attractive. The longer a man stays in the Hospital, the more useful he becomes on account of his training in the specialised work he has to do, and the present system of paying a mere living wage with no prospect of ever advancing leads to very frequent changes amongst this useful class, and consequently patients in the Hospital are not looked after as well as they might be.

Some of these servants apparently stay on whatever their pay is because their parents worked in the Hospital and they themselves were brought up to the work and do not care for change. I do not think advantage should be taken of this. I recommend the pay of all Ward Attendants both male and female (they do the same work) should be from a minimum of Rs 7/- rising by annual increments of Re 1/- to Rs 10/-, and I recommend that those servants who have put in over 20

Kempa) years service should start at once receiving the
Linga)
Thimmi.) maximum pay.

Durbar Physician and Surgeon.

med file 80-12812

Dear Dewan Sahib

With regard to our conversation the other day I have certain points to bring to your notice which I did not think necessary to expand in previous correspondence

1. As regards increase of pay to the hospital menial servants. This can apparently not be raised higher than the wages given elsewhere. I had not enquired into this when I wrote & merely suggested what seemed a fair scale. I think however the amount should be raised to the maximum elsewhere for those who put in above 10 years service

The Dholi is given from 250 - 300 pieces to

2)

wash weekly & his pay seems inadequate for this. hence I asked for a second dhobi.

As regards Sub assistant Surgeons. Their work here is much heavier than that in mofussil dispensaries, they are in hospital from 7.30 to 11 or perhaps 12 daily they have their turns of day duty according to the number here and they also have night duty by roster. Their house rent & rate of living is much higher. They are discontented on this account & whenever a chance presents for a transfer even for a short acting appoint. they eagerly compete for it. Since I came to Mysore there have been 15 different men in the Gen. hospital & some of them have been away, acting several times which is not good for the work.

The question of an allowance of Rs 100 for the Q.M.O. I consider the most important. To say that his case is not on all fours with that of the Q.M.O. - Victoria hospital is only evading the point. It is precisely analogous only as I mentioned to you the work here is far harder & more disheartening. He has more to do here personally & can deputise none of his work to anyone else. He is not working in a palatial building with a well trained nursing staff under his orders. He has not, it is true the same number of beds (though the number of patients is often greater than the number of beds) and I am asking for a lower allowance for that reason. I know of no hospital anywhere where the Q.M.O. is not given an allowance & I did not labour the point because I thought it only needed to be pointed out.

The clinical pathologist for whom I have

4)

asked is required to do routine work which is most important but which has to be largely neglected now on account of insufficient time. Much of the work too which he would do requires special training and a full time man to keep up the special knowledge. Such routine things as blood counts & examinations, urine analysis both qualitative & quantitative, gastric analysis, bacterial work & making of vaccines. Section cutting during operations for exact diagnosis of tumours - these at present have to be sent to Bangalore to be done - & much more which is necessary for accurate scientific work to be done.

I have asked for a grant of Rs 1000 per annum chiefly to avoid the nuisance of many extra indents. This is to get drugs & appliances which cannot be had in the usual way at present. I am using many of my own instruments now in the

Durbar Physician and Surgeon.

hospital. I cannot however use such drugs as Tuberculin for which there is wide scope, I cannot use vaccines as I have no means of making them. If I need stains for microscope work I have to buy them myself or go without. I do not complain of this but I do not suppose Govt. expects this sort of thing. It cannot be said that expenditure has been excessive. I have appended the table for which you asked of the expenditure for 10 years (this does not of course include my own pay) It shows the expenditure has been stationary & I can say from the state of the hospital when I took it over it has been

Consistently starved It is interesting to compare the figures of the hospitals Mysore & Bangalore taken from the annual report 1911 - the first that came to hand.

	In p.	Out p.	Beds.	Cost
Bangalore	2437	33213	144	100,144
Mysore	1266	25242	85	32,139

The cost is not in proportion
I do not quote the figures with any desire to compare with the Victoria Hospital in expenses, but to show my requests are not extravagant

There is one other point, I told you I had no further demands, there is however one thing which had not occurred to me I have ordered certain electrical apparatus now on the way out from

England. this is for X ray work and electrical diagnosis & treatment also for some medication. I am quite content to run this myself but one year of my three years appointment has already elapsed. & after I leave the hospital there should be someone trained to carry on this work. Again if I have to do this work myself it will just be fitted into odd times & full use will not be made of the advantages to be derived from the apparatus. Besides the actual clinical work done with it there is the development of negatives & all that side of the work which I shall not be able to carry out to any very great extent. So I leave it for you to consider whether a man should be trained at Dehra Dun for this purpose.

In conclusion I cannot emphasize too strongly that I am not asking for an extravagant expenditure but for the veriest minimum on which

87

work can be done smoothly & efficiently. The hospital is an important one & should not be handicapped for want of money at every turn, it could do a great deal more work than it has up to date

yours sincerely

W. H. H. H.
